

# I will show my voice with kindness

I share my kindness to everyone like,  
Sharing kindness to tree's,  
Sharing kindness to water source's,  
Sharing kindness to friends and family members.

I will share my kindness to trees by,  
Respecting trees and telling that we care about them,  
growing trees and to make more plants in our earth,  
Telling people to not misuse paper and cardboard.

I will share my kindness to water source's by,  
Not polluting the water source's,  
Closing the water tap when I'm not using it.

I share my kindness to friends and family members by,  
Respecting their culture and religion,  
Will look at friendship,  
Tell them that we care about them,  
Help them out with work,  
Help them out when they are hurt.

I hope by doing all of kind things the world will become  
a better place with kindness.
