

The Sunrise

1
2 I am hopeful because
3 Once I looked up to the sky
4 Then I saw that it was dark
5 After I yawned
6 I noticed that it was night
7 But I didn't want it to be night
8 Because I had to sleep
9 And I don't like sleeping
10 But I knew that when I sleep
11 And wake up
12 That it will turn into morning again
13 So from that moment
14 I am always hopeful
15 for the sun to rise back in the sky.
